

Ohio 2009 Renewable RFP2 Frequently Asked Questions – Delivery Schedule

FAQ#	Date of Posting	Question / Answer
SCHE001	10-6-2009	Question: How does this delivery schedule differ from the first RFP?
		Answer: The new schedule requires delivery of at least 25% of proposed RECs for Contract Term 1 by December 15, 2009, with the balance of RECs for Contract Term 1 due February 15, 2010. The new schedule also requires at least 50% of RECs for Contract Term 3 to be delivered by April 15, 2011 with the remaining RECs for Contract Term 3 due May 31, 2011.
SCHE002	10-6-2009	Question: Do all banked RECs need to be delivered by December 15, 2009?
		Answer: All solar banked RECs must be bid for Contract Term 1 and delivered by December 15, 2009. Non-solar renewable banked RECs can be bid in for any term.
SCHE003	10-6-2009	Question: If we are bidding in RECs from a facility that will not be online until December 2009, how can we meet the 25% requirement by December 15?
		Answer: A facility that plans to come on line in December 2009 should consider bidding into Contract Term 2 and/or Contract Term 3 and banking any RECs it generates in 2009.
